

River Books is pleased to announce an exciting new venture: *The River Books Club*

Since its founding 25 years ago River Books has published over 150 books on the art, culture, history and politics of Mainland Southeast Asia with a special emphasis on Thailand. All the books are printed in Thailand and River Books is proud of the high quality of their books which highlight important aspects of Thai culture and heritage. Recently we have increased our range with books on popular culture and lifestyle, building on the success of such classic titles as *Very Thai*.

Club members will get:

- A quarterly newsletter with all our news.
- 15% off all book purchases with door to door postage included (within Thailand).
- An opportunity to meet like-minded readers at the annual River Books party hosted by Narisa Chakrabongse, the founder of River Books, and held at Chakrabongse Villas.
- Invitations to River Books launch parties and occasional talks.
- The opportunity to ask the authors questions in a "Ask the author" column in the newsletter.
